

Hearing Procedures **2021**

Tribunals

AFL Sydney has adopted the State & Territory Tribunal Guidelines - NSW/ACT (the Guidelines) pursuant to Rule 13.1 of the League's Rules 2021 (the League Rules)

This document, the AFL NSW/ACT Hearing Procedures 2021 (the Procedures), also adopted by the League, supplements the Guidelines in providing a detailed outline of the procedures and process involved in Tribunal hearings and includes important notes to assist reported persons, Umpires and their advocates who appear before the Tribunal.

Those documents, as well as the Conduct and Disciplinary Procedures set out in the AFL Sydney Rules 2021 (the Rules) thus apply to all Tribunal hearings arising out of all Competitions administered by AFL Sydney.

Persons appearing before the Tribunal must familiarise themselves with these documents.

In the event of any inconsistency between the Guidelines, the Procedures and/or the League Rules, the Tribunal shall draw the inconsistency to the attention of AFL Sydney. The Guidelines override the Procedures to the extent of any inconsistency, and subject to same, in the event of any inconsistency between any of the Guidelines, the Procedures and the Rules, the Tribunal shall use its discretion as to which applies and shall draw the inconsistency to the attention of AFL Sydney.

Conduct Committees

The AFL Sydney has adopted the State & Territory Disciplinary Committee Guidelines - NSW/ACT (the Disciplinary Guidelines) pursuant to Rule 13.1 of the League's Rules 2021 (the League Rules)

While the Procedures are written with a focus on Tribunal hearings, the content also applies to Conduct Committee hearings, which are conducted in a manner similar to a Tribunal hearing.

DEFINITIONS

Words in the Procedures that are capitalised have the same meaning as in the Laws, the Guidelines and the League Rules.

The following additional words are defined to mean:

advocate means a person appearing before the Tribunal as permitted under Guideline Rule 2.6 to assist an Umpire, a Reporting Officer or reported person.

CMC means the Competition Management Committee of the League or equivalent.

Disciplinary Matters means the term as defined in the State & Territory Disciplinary Committee Guidelines NSW/ACT.

Guideline Rules means the Rules under the Guidelines.

League means AFL Sydney.

Procedure Rules means the Rules under the Procedures.

NOTES do not form part of the Procedures but are included for the assistance of the participants in the Tribunal process.

COMPOSITION, JURISDICTION AND POWERS

- 1.1 The League is to appoint a Tribunal Chairperson, whose functions and duties shall be as set out in the document Tribunal Chairperson – Position Description, as set out in Appendix 1 and as directed by the League from time to time.
- 1.2 The functions and duties of a Tribunal Member shall be as set out in the document Tribunal Member – Position Description, as set out in Appendix 2 and as directed by the Tribunal Chairperson from time to time.
- 1.3 The appointment of a Tribunal Member, including the Tribunal Chairperson, shall be for a period of no more than 12 months, but the appointment of a Tribunal Member, including the Tribunal Chairperson, may be extended from year to year.
- 1.4 Tribunals shall be comprised of three (3) persons for any hearing unless exceptional circumstances apply, where only two (2) persons are available to sit. In such instances, the Tribunal Presiding Member must seek the consent of both parties for the hearing to proceed, otherwise the hearing will be adjourned. A single Member of the Tribunal can give a direction under Procedure Rules 1.6(a), 1.6(d).
- 1.5 The Tribunal shall be empowered to suspend or caution any Player or Official:
- (a) against whom a Reportable Offence, charge or Disciplinary Matter has been proven;
 - (b) found guilty of deliberately giving false or misleading evidence;
 - (c) who fails, without reasonable excuse, to attend at a meeting of the Tribunal after being required to appear pursuant to Procedure Rule 1.6(d);
 - (d) found guilty of contempt of the Tribunal;
- and shall be empowered to fine any Club.
- 1.6 The Tribunal may:
- (a) adjourn any hearing with or without imposing conditions;
 - (b) find any report proven with or without the imposition of a penalty;

NOTE: This Rule allows the Tribunal to find an offence proven but discharge the Player or Official without penalty. Where an offence has been proven, a person would generally need to show exceptional circumstances as to why a penalty should not be imposed.

- (c) find, on facts proven before it, that an alternative (but not more serious) offence to that for which a person has been reported or charged is proven;

NOTE: For example, a charge of ‘charging’ might be found not to be proven, but the offence of ‘unduly rough play’ may be proven; the offence of ‘threatening an Umpire’ (for which the person is reported) may not be proven but the offence of ‘using insulting language to an Umpire’ may be proven.

- (d) require upon reasonable notice the appearance before it of any Umpire, Player or Official or the production to it of anything within the possession, power or control of such Umpire, Player or Official;

NOTE: The Tribunal has no power to ‘subpoena’ or order members of the public to appear. However, Players, Umpires and Officials are subject to the Tribunal’s jurisdiction and may be guilty of contempt if they disobey a direction given under this Rule.

- (e) make findings and recommendations and determine penalties by a majority of the Tribunal. Where the Tribunal consists of an even number of Members, and the Tribunal is evenly divided, the decision of the Presiding Member will prevail;

NOTE: The effect of this Rule is that the Tribunal's decisions do not have to be unanimous.

- (f) vacate, annul or vary (conditionally or unconditionally) any finding, or penalty previously imposed by it.

- 1.7 The Tribunal shall have power to regulate its own procedures.
- 1.8 The Tribunal Chairperson may make any guidelines not inconsistent with the Guidelines, the Procedure Rules or the League Rules that they think appropriate for the practice and procedure of the Tribunal. Any such guidelines shall be directory in nature and no decision of the Tribunal shall be invalid solely by reason of a guideline not being followed.

REPORTING PROCEDURE

- 2.1 A copy of the report shall be received from the field Umpire by an Official of the reported person's Club in the manner required by the League.
- 2.2 If any Club neglects to obtain a copy of the Umpire's report in accordance with the procedures prescribed by the League, the Umpire shall be deemed to have complied with the requirements of Procedure Rule 2.1.

ATTENDANCE

- 3.1 In addition to the reporting Umpire or the Reporting Officer, the reported person and a representative of the reported person's Club shall attend a hearing at a time and place specified by the League.
- 3.2 A reported Player or Official, if the Official has at any time been a Player, shall bring to the hearing a completed pre-sentence report in the form (or as nearly as possible) set out in Appendix 3.
- 3.3 A person wilfully or carelessly making any false statement to the Tribunal, including a false or misleading statement in a pre-sentence report, shall be liable to a fine or suspension for the false statement or misleading statement.
- 3.4 The onus of establishing that a false or misleading statement was not wilful or careless is upon the person making the false or misleading statement.
- 3.5 Failure to attend the Tribunal shall be dealt with in accordance with Guideline Rule 2.8(d). A reported person who is not able to be present at the time appointed for the hearing must submit a declaration, in the form provided in Appendix 4, setting out the reason for their non-attendance and including either:
 - (a) the person's consent to stand down from representing their Club in a playing and/or official capacity until such time as they are able to appear before the Tribunal; or
 - (b) the person's consent to the Tribunal investigating the report in their absence and the person's undertaking to abide by the finding of, and any penalty imposed by the Tribunal in their absence.
- 3.6 A reported person who is not present at the time appointed for the hearing and who fails to submit a declaration as required by Procedure Rule 3.5 shall be in contempt of the Tribunal, which shall then be empowered to investigate the report in the absence of the reported person and to deal as it seems fit with the contempt and the report if found proven.
- 3.7 Where the Tribunal reasonably believes that misadventure has or may have prevented a reported person from either attending or submitting a declaration, it may in its discretion adjourn the hearing. The Tribunal is to exercise its discretion in determining whether the reported person shall be permitted to represent a Club in any capacity or participate in a competition or representative match during the period of the adjournment.

- 3.8 Where an Umpire or Reporting Officer is unable to be present at the time appointed for the hearing, the hearing, at the Tribunal's discretion, is to be adjourned in which case the reported person may continue to play or officiate until the adjourned hearing takes place.
- 3.9 An Umpire or Reporting Officer who fails to appear at a hearing without notice or reasonable excuse may be in contempt of the Tribunal, but the report shall not for that reason only be dismissed.

NOTE: The spirit of this Rule is consistent with Procedure Rule 4.10 and is directed to ensuring that reports are decided on their merits, rather than technicalities.

- 3.10 A person who has been required to attend or produce an item to the Tribunal and who without reasonable excuse fails to appear or produce as required shall be in contempt of the Tribunal.

HEARINGS (1): ORGANISATION AND PRELIMINARIES

- 4.1 The Tribunal Chairperson, or in their absence, where the Tribunal Chairperson has appointed an acting Chairperson for that Tribunal, or where no acting Tribunal Chairperson has been appointed, the most senior Member, shall be the Presiding Member at any meeting of the Tribunal.
- 4.2 In person hearings shall, at the discretion of the Tribunal and so far as facilities available reasonably allow, be open to the public.
- 4.3 In respect of each report, the Presiding Member shall first ascertain:
- (a) whether the reported person and Reporting Officer or reporting Umpire are present;
 - (b) whether the Reporting Officer or reporting Umpire is represented by an advocate;
 - (c) whether the reported person is represented by an advocate;
 - (d) whether the reported person has been supplied with a copy of the report;
 - (e) how the reported person intends to plead, and if it is proposed that the reported person is to give evidence, that the provisions of Guideline Rule 2.10 have been complied with;
 - (f) the availability of any witnesses the parties propose to call and that with respect to each witness, whether the provisions of Guideline Rule 2.10 have been complied with;
 - (g) the nature and availability of such further evidence the parties intend to present, including the availability of any visual evidence;
 - (h) the likely duration of the hearing.
- 4.4 The Tribunal may then:
- (a) proceed immediately to hear the report; or
 - (b) appoint a later time on the same day to hear the report; or
 - (c) adjourn the hearing on such terms as it sees fit.
- 4.5 At the commencement of the hearing, the report shall be read to the reported person. The person shall then be asked:
- (a) for Players in Under Age Competitions, to either admit or not admit the report or charge. The advocate may enter the plea on behalf of an Under Age Player. In the Procedures, for Players in Under Age Competitions, references to a plea of "guilty" or "not guilty" are to be read as "admit" (the report or charge) or "not admit" (the report or charge) as the case may be and, with respect to the findings of the Tribunal, findings of "guilty" or "not guilty" are to be read as "proven" or "not

proven” , as the case may be.

- (b) in Senior competitions, to either plead guilty or not guilty to the report or charge

NOTE:

- (1) In the following discussion, references to Player also apply, where appropriate, to reported Officials.
- (2) Players should be careful not to enter a “Claytons” “guilty” plea. This happens when a Player pleads guilty to the report or charge (for example) striking then, when the hearing gets under way, admits contact but quickly adds ‘it was just an accident’. This is ‘the ‘guilty’ plea you make when you’re not pleading ‘guilty’.

An “element” is a component of a charge which must be proven in order for a finding the report or charge is proven.

For the report or offence of striking to be proven, TWO elements must be satisfied:

- (i) physical contact; and
- (ii) intention to perform some act which results in such contact.

It follows that a Player who admits (i) but denies (ii) cannot possibly plead guilty to the charge or report of striking, so Players should give careful consideration to just what they are admitting to before pleading guilty to the charge.

Intent can be either:

- (a) intent to make the actual type of physical contact which occurs (e.g. wilfully aiming and delivering a punch); or
- (b) intent to perform some act, a probable result of which is the contact which consequently occurs (e.g. wilfully lashing out with a forearm or elbow in the general direction of a Player close enough to be struck even though not specifically aiming a blow). The resulting contact (and particularly any serious injury resulting) might not be intended, but the act is, and contact which results from recklessness of this kind is not a mere accident.
- (3) Players often try to plead guilty to the report or charge ‘under provocation’ or even plead guilty to the charge or report but say that they were ‘acting in self-defence’. Such pleas are not acceptable. Provocation may be able to be used in mitigation, but not as a complete defence to the charge.

A Player claiming provocation must simply plead guilty to the report or charge and then rely on any proven act of provocation to mitigate the penalty.

A Player claiming that they acted in self-defence should plead not guilty to the report or charge, because self-defence, if proven, is a complete answer to the report. However, a plea of self-defence can only succeed where the reported person was, at the time, under real or apprehended attack and their response (which is the act for which they were reported) was proportional to the threat. Thus, a Player who responds to an open-handed push in the face from a niggling Player by punching the niggler cannot claim self-defence, for the response is not defensive at all; it is an escalation of the degree of physical contact.

(4) Players often plead “not guilty” to a report or charge on the basis that they wish to challenge the grading only. If the Player does not dispute, for instance, that contact took place, but disputes the grading of “Intentional”, and argues that the correct grading should be “Careless”, the Player must plead guilty to the charge at the Tribunal. On a successful challenge to the grading at the hearing, the Player may then seek the benefit of any early plea of guilty, which is not available to them if they plead “not guilty”.

- 4.6 A reported person may, at any time prior to a decision being handed down by the Tribunal, change their plea.
- 4.7 A reported person may at any time plead guilty to an alternative reportable offence, but the Tribunal shall not be bound to accept the plea or to discontinue its enquiry into the alleged offence as originally reported.

NOTE: Under this Rule, a reported Player can elect to plead guilty to the offence reported (say, 'charging') but admit as proven an alternative offence ('unduly rough play') for which they were not reported. The Tribunal is not bound to accept a plea admitting to a lesser charge (because a reported Player, facing a serious charge and recognising the weight of evidence against them, might seek to avoid a likely heavy penalty by pleading guilty to the lesser offence).

- 4.8 The Tribunal may, at any stage of a hearing, reject a plea of guilty to the report or charge and make a finding of not guilty.

NOTE: This Rule is appropriate where a Player (particularly one not having the assistance of a good advocate) mistakenly pleads guilty to the report or charge in the belief they have no defence and the evidence subsequently discloses that there is a defence. An example is a plea admitting the report or charge by a Player who genuinely acted in self-defence (see NOTE (3), Rule 4.5) but mistakenly believes that because they did strike their opponent, they must plead guilty to the report or charge.

- 4.9 A reported person who refuses to plead shall be deemed to have pleaded guilty to the report or charge.

HEARINGS (2): FORM OF REPORTS

- 4.10 A report shall be in writing in a form prescribed by the League or to a similar effect and shall be valid provided that it complies with the requirements of Procedure Rules 4.11 and 4.14.

NOTE: 'or to a similar effect' means that valid reports can be made on any report form including those of other Regions or leagues or even on a blank sheet of paper, so long as the minimum details required by the Procedure Rules are provided.

- 4.11 The Reportable Offence, Disciplinary Matter or other offences alleged, or the conduct or actions alleged to constitute a Reportable Offence, must be stated.
- 4.12 A report may allege alternative offences.

NOTE: It is perfectly acceptable for an Umpire, who is uncertain of all the facts or of which offence they may constitute, to allege alternative offences, e.g., where the Umpire believes they have seen a fist swing and an opposing Player's head jerk back but cannot say for sure whether this was the result of contact or swift evasive action, they could report for 'striking or attempting to strike'. Where an Umpire believes they have seen a Player swinging blows in a pack but cannot be sure which of several Players has been hit, 'striking an unidentified Player' is a valid report.

- 4.13 A reported person may ask in advance of the hearing for particulars of any reported offence where the conduct constituting the offence is not stated in the report.

NOTE: Recourse to this Rule is appropriate where the report alleges a non-specific offence, e.g. 'misconduct', 'wasting time', 'disputing decision' etc. The particulars to be provided are limited to the alleged act or words constituting the reported offence.

- 4.14 The reported Player must be identified by jumper number and/or by name.

- 4.15 Where the number and name as stated on the report are inconsistent the Tribunal may take into account the surrounding circumstances and, in particular, who the Umpire orally advised of the report, in determining whether the reported person has been sufficiently identified.
- 4.16 Where a report is not signed, the reporting Umpire or Reporting Officer may be shown the report and if they identify it as their document, the report shall be deemed to have been signed.

HEARINGS (3): PROCEDURE

- 4.17 Where a reported person pleads not guilty to the report or charge following a report from an Umpire, the hearing is to proceed as follows:
- (a) The Umpire shall give evidence concerning their report after which they may be questioned by the Tribunal, though they may be questioned by the Tribunal at any time.
 - (b) The Umpire may be assisted by their advocate and questioned by the reported person or their advocate.
 - (c) The reported person shall give evidence after which they may be questioned by the Tribunal, though they may be questioned by the Tribunal at any time.
 - (d) The reported person may be assisted by their advocate and questioned by the Umpire or their advocate.
 - (e) The Umpire and then the reported person may adduce further oral, documentary or visual evidence and any witness may be questioned by the other party or their advocate and by the Tribunal.

NOTE: The Tribunal may direct that the showing of any visual evidence be undertaken at such time during the hearing as it directs, as long as this does not cause any procedural unfairness to any party.

- (f) Witnesses shall remain outside the hearing room until called.
 - (g) Any person who has been called to give evidence shall remain within the precincts of the Tribunal until the taking of all evidence has been concluded, unless the Tribunal earlier releases that person.
 - (h) The Umpire may give further evidence by way of reply to evidence adduced on behalf of the reported person.
 - (i) The reported person or their advocate may question the Umpire about any evidence given in reply.
 - (j) At the conclusion of the evidence, the Umpire or their advocate and the reported person or their advocate may present a summary of the evidence and make any submission after which the Tribunal shall retire to consider its determination.
 - (k) After the Tribunal has reached a decision and reconvened, the Presiding Member shall announce the determination of the Tribunal.
- 4.18 Where a reported person pleads guilty to the report or charge, their evidence shall be taken before that of the Umpire after which the procedure shall be as provided in Procedure Rules 4.17 (d) and 4.17 (h).

NOTE: A diagrammatic representation of the hearing procedure for hearing a report from an Umpire is set out in Appendix 5.

- 4.19 When a reported person pleads guilty to the report or charge, or the Tribunal has found the report or charge proven:

- (a) if they are an Official, they or their advocate may make a statement in mitigation and may call witnesses in support of their character;
- (b) if they are or have at any time been a Player, they shall hand to the Tribunal a completed pre-sentence report (if it has not already been tendered) after which they or their advocate may make a statement in mitigation and call witnesses in support of their character.

NOTE: Usually the pre-sentence report is not handed to the Tribunal before the Tribunal makes its finding. The reason is that the Tribunal, in weighing the evidence when a Player has not admitted the report or charge, should not be deflected in its deliberation by having before it documentary evidence that the Player 'has a record'. However, a Player with a very good record may wish that fact to be known to the Tribunal in support of their 'case' that their playing history suggests they are unlikely to have done what they have been reported as doing or would only have done so under extreme provocation. In such situations it is open to a Player's advocate to tender the pre-sentence report at any stage they wish. Of course, where the Player pleads guilty to the report or charge, the Tribunal has only penalty to determine, so the pre-sentence report is handed up immediately.

- 4.20 A pre-sentence report may be inspected by the Umpire and their advocate who may challenge its accuracy. The Tribunal may question a reported person about their pre-sentence report.
- 4.21 The Tribunal may invite the Umpire or their advocate to make a submission on penalty.
- 4.22 Subject to any ruling by the Tribunal, where a Player or former Player fails to produce a completed pre-sentence report neither they nor their advocate may call evidence or be otherwise heard in mitigation of penalty.
- 4.23 Where a reported person pleads not guilty to a report or charge following a report **other** than from a report from an Umpire, the hearing is, subject any directions to the contrary from the Tribunal, to proceed as follows:
 - (a) The reporting party shall call such evidence in support of the report after which any witnesses may be questioned by the Tribunal and questioned by the reported person or their advocate.
 - (b) The reporting party may be assisted by their advocate.
 - (c) The reported person shall give evidence after which they may be questioned by the Tribunal and questioned by the Reporting Officer or their advocate.
 - (d) The reported person may be assisted by their advocate.
 - (e) The reported person may call other evidence after which any witnesses may be questioned by the Tribunal and questioned by the Reporting Officer or their advocate.
 - (f) Witnesses shall remain outside the hearing room until called.
 - (g) Any person who has been called to give evidence shall remain within the precincts of the Tribunal until the taking of all evidence has been concluded, unless the Tribunal earlier releases that person.
 - (h) With the leave of the Tribunal the Reporting Officer may give further evidence by way of reply to evidence adduced on behalf of the reported person.
 - (i) The reported person or their advocate may question any evidence given in reply.
 - (j) At the conclusion of the evidence, the Reporting Officer or advocate and the reported person or their advocate may present a summary of the evidence and make any submission after which the Tribunal shall retire to consider its determination.
 - (k) After the Tribunal has reached a decision and reconvened, the Presiding Member shall announce the determination of the Tribunal.

- (l) Where a reported person has pleaded guilty to the report or charge, their evidence shall be taken before that of the reporting party after which the procedure shall be as follows:
 - (i) The reported person may be assisted by their advocate and questioned by the reporting party's advocate.
 - (ii) The reporting party may give further evidence by way of reply to evidence adduced on behalf of the reported person.

HEARINGS (4): PROCEEDINGS IN REPORTED PERSON'S ABSENCE

- 4.24 Where the reported person has in a request in writing consented to the Tribunal hearing a report in their absence, the following additional Rules shall apply where applicable:
- (a) the Presiding Member shall pronounce a plea on behalf of the reported person as the request in writing directs;
 - (b) the request in writing shall be read to the Tribunal;
 - (c) any person referred to by the reported person in their written request as a person they would have called to give evidence on their behalf may give evidence, subject to compliance with Guideline Rule 2.10, after which they may be questioned by the Reporting Officer or their advocate and by the Tribunal

HEARINGS (5): REPORTS ON PLAYERS UNDER 12

- 4.25 If the reported person is under 12 years at the time of the alleged Reportable Offence, the Tribunal may, after considering the age and degree of maturity of the Player and such other factors as the Tribunal determines appropriate for the hearing of the report, deal with and hear the report in such manner as the Tribunal thinks fit.
- 4.26 In dealing with the report or charge, the Tribunal may:
- (a) dispense with the Tribunal processes described in the Procedure Rules in whole or in part, and this may include a direction from the Tribunal that any cross examination of the Reported Person is done so by the Tribunal only; and/or
 - (b) hear the report in such manner and pursuant to such directions of the Tribunal as appropriate to the circumstances; or
 - (c) give directions as appropriate for dealing with or for the hearing of the report.

HEARINGS (6): VISUAL EVIDENCE

- 4.27 Where the hearing follows a report or charge from a report from an Umpire, a copy of any visual evidence, whether by way of photographs or video/DVD etc, must be submitted to the League by no later than midday on the day of the hearing.
- 4.28 Where the hearing follows a report or charge **other** than from a report from an Umpire, a copy of any visual evidence, whether by way of photographs or video/DVD etc, must be submitted to the Club of the charged person and to the League by no later than midday on the day of the hearing.
- 4.29 Appendix D of the Rules – Recording of Images, applies.

HEARINGS (7): PENALTIES

- 4.30 The Tribunal shall retire to determine penalty and having so determined shall reconvene and the penalty shall be announced by the Presiding Member, after which any Member of the Tribunal may make a statement. The penalty shall take effect immediately on the pronouncement of the Penalty by the Presiding Member.
- 4.31 The penalty is to be recorded in writing and signed by the Presiding Member.

- 4.32 Where the penalty is or includes a period of suspension, the period may be expressed as either the number of matches from which, or alternatively the period of time during which, the Player is precluded from participating.
- 4.33 The Tribunal may defer, on terms or absolutely, the operation of any penalty or part thereof.

NOTE: This Rule allows the Tribunal to impose a sentence which is suspended in whole or in part.

4.34 Where a period of suspension is expressed as a number of matches:

- (a) a 'match' shall mean a competition match of the same age group or division in which the Player committed the offence, and shall also include as the one match, the matches in all grades in a particular round for which the Player would, but for the suspension be eligible, whether played on the one day or not. Any suspension shall take effect from and include the next competition match following the suspension for which the Player would, but for the suspension, be eligible;

NOTE: The effect of this Rule is that a Player cannot count towards their suspension matches in more than one grade in each round, even if they regularly 'double up'.

- (b) a Player is ineligible to play in any representative match whilst under suspension. In addition to this, the representative matches do not count towards part of the suspension;

NOTE: Without this Rule, any Player could claim theoretical eligibility for any representative fixture, no matter how remote their real prospects of selection are, and so count the fixture toward their suspension.

- (c) Competition games which are forfeited by the charged Player's team, washed out, or for any other reason not played, shall not be counted for the purpose of reckoning a period of suspension.

- 4.35 Where a period of suspension is expressed as a period of time the period shall commence from the time the penalty is pronounced and conclude at midnight on the last day of the period, unless the Tribunal orders otherwise.
- 4.36 A suspended person may not, during their period of suspension, participate in any match in the capacity of Player, runner or trainer, nor shall they officiate within the enclosed playing area (or, where there is no enclosed playing area, within five metres of the boundary line), but may attend a game and observe as a spectator only. Players are not permitted within the confines of the playing field, and must not act as runner, water carrier or in any other capacity. Subject to any direction from the Tribunal, an Official may participate in any official capacity at their Club on non-match days.
- 4.37 Subject to any direction by the Tribunal, where the Tribunal imposes a suspended sentence, the period of the sentence is suspended, subject to good behaviour by the Player or Official. If the Player or Official is found guilty by the Tribunal of any subsequent offence committed during the period of the suspended sentence a Prescribed Penalty is offered and accepted which results in a match suspension, the suspended sentence will be added to any sentence imposed by the Tribunal for the subsequent offence or as a result of the Prescribed Penalty.
- 4.38 Where a reported person requests that a Prescribed Offence offer be dealt with by the Tribunal, and the Tribunal is of the opinion that the Prescribed Penalty offer to the Player was reasonable in all the circumstances and does not reduce the penalty, the Tribunal will impose an extra one match penalty in addition to the penalty offered by the League, or the penalty imposed by the Tribunal, whichever is the greater.
- 4.39 In the event of a dispute as to the games or matches covered by a suspension, the dispute is to be referred to the CMC for determination. The CMC may seek the advice of the Tribunal.

- 4.40 Where a Player receives notice of an automatic playing suspension as provided by the Rules and requests the automatic suspension be referred to the Tribunal for hearing, the CMC may impose such conditions on the Player as it deems appropriate, pending the hearing. The Tribunal may, following the hearing, affirm or vary the suspension, (including increasing the suspension) or apply any other penalty as it deems appropriate. Where the Tribunal is of the opinion that the automatic playing suspension was reasonable in all the circumstances, the Tribunal will impose a suspended sentence at least equal to the automatic match playing suspension imposed on the Player, such suspended sentence to remain in force for a period of 12 months from the date of the Tribunal hearing or to the equivalent round in the following season.

CONTEMPT/CRITICISM OF TRIBUNAL DECISION

- 5.1 In addition to the provisions in the Guidelines in relation to contempt, the Tribunal has the power to act in a manner it believes appropriate where any persons appearing before it or acting on behalf of any person appearing before it behaves (whether in the course of the hearing or otherwise) in a manner which the Tribunal deems to be in contempt or misconduct falling short of contempt concerning a Tribunal decision, any Tribunal Member or any other matter touching on or concerning the Tribunal or a determination made by it and shall have power to call before it such person and deal with such person as the Tribunal thinks fit.

NOTE: The essence of contempt of any quasi-judicial body, (of which a Tribunal is an example), is any attempt to undermine its functions, and this includes:

- (a) Disrespectful behaviour – which may be contempt because it undermines confidence in the Tribunal and, therefore, its capacity to carry out its duties.
- (b) Disobeying a proper direction – the Tribunal will generally encounter this as failure to comply with Procedure Rules 1.6(a) or 1.6(d), i.e., not appearing at a hearing or failing to comply with a direction to produce something to the Tribunal. Obviously, such conduct affronts the very basis of the League's ability to exert discipline over the game.
- (c) Attempting to influence decisions by means other than putting argument or evidence before the Tribunal according to the Guidance and Procedure Rules. Public comment prior to a hearing, designed to influence the attitude of Tribunal Members, is one example, but far worse is any direct attempt to bypass the Tribunal's proceedings by 'lobbying' the League. There can be no clearer example of undermining the functions of a Tribunal than attempting to have it 'overruled' in a manner quite contrary to the Guidance and Procedure Rules by which all participating Clubs and the League are bound. The League is to refer such matters to the Tribunal for determination.

- 5.2 The failure of a representative of the Club of a reported person to attend a hearing as required under Procedure Rule 3.1, or any adjourned hearing, without proper excuse as determined by the Tribunal, may be dealt with by the Tribunal as contempt of the Tribunal, and the Tribunal shall have the power to fine or sanction the Club for such contempt .

- 5.3 These provisions are in addition to, and do not derogate from the provisions of the Guidelines and the League Rules.

POINTS OF LAW

- 6.1 Where a point of law (which does not include a Law within the meaning of 'the laws' as defined) is raised in any hearing before the Tribunal, the following procedure is to apply:
- (a) the Presiding Member, if legally qualified, or other Tribunal Member, if legally qualified, shall (after consultation if they see fit) make a ruling and that ruling shall be the determination of the Tribunal on the point;
 - (b) if the Presiding Member or any other Member is not legally qualified the Tribunal will:
 - (i) proceed to a determination of the factual issues before it;

(ii) thereafter adjourn the hearing until such time as the Tribunal has obtained a ruling on the point of law from a legally qualified person;

(iii) resume the hearing following receipt of such ruling, at which time the Tribunal will advise the parties as to the ruling obtained; and

(iv) proceed to a determination of the report or charge.

RE-HEARINGS

- 7.1 Findings of fact and determination of penalty shall be final except that the Tribunal may, in its discretion, re-open any hearing for the purpose of considering fresh evidence (but not for the purpose of reconsidering any finding made or penalty imposed on the basis of previously presented evidence).
- 7.2 Fresh evidence means evidence which was not known to be available and could not, with reasonable diligence, have been known to have been available at the time of the original hearing.

NOTE: It is not sufficient that the “new” evidence was simply not presented at the first hearing. An example would be wanting to call fresh evidence from another witness who is, say, a trainer or Club Official and who could have been interviewed and called before the original hearing. This would not satisfy the test. An example of what would satisfy the test is belated awareness that a spectator had taken a private videotape of the incident but had not communicated this fact to the Club prior to the hearing.

- 7.3 The Tribunal shall not re-open any hearing to consider fresh evidence where it appears that even if presented to the original hearing, the fresh evidence could not reasonably be expected to have resulted in a different finding or penalty.

HEADINGS AND NOTES

- 8.1 Headings are used only for the purpose of identification and notes, while assisting and clarifying the parts in which they are located, do not form a part of the Procedures.

Notes to assist Reported Persons, Umpires and their advocates.

IMPORTANT:

These Notes are to further assist persons involved in proceedings before the Tribunal. They provide a general commentary and should be read in conjunction with the Guidelines, the Procedures and related documents. They are not legal advice.

1. INTRODUCTION

Proceedings before the Tribunal fall into one of three classes:

- (a) hearing of Umpire's reports involving Players and Officials;
- (b) hearing of reports referred to the Tribunal by the CMC, as provided by the League Rules;
- (c) such other matters as may be referred by the League.

2. NATURAL JUSTICE

The proceedings before the Tribunal are heard in accordance with the rules of natural justice.

2.1 Right to an unbiased Tribunal

Tribunal Members must not be prejudiced (that is, biased). Prejudice (that is, 'pre-judged') means nothing more than having certain views of the merits of the case, which, for instance, may have been formed outside the hearing itself - for example, where a Member of the Tribunal witnessed the reported incident, or is connected by business or personal relationship with one of the parties.

No person who is or might be thought to be prejudiced should be a Member of the Tribunal hearing any disciplinary matter. If, during the hearing, a Tribunal Member finds themselves in a position of possible prejudice, they should disqualify themselves immediately, even if this means aborting the hearing and starting again.

2.2 Notice of the charge

Notice of the charge is given in writing, including electronically, by way of a Notice of Report – see the League Rules and Procedure Rules.

2.3 Adjournments

In disciplinary proceedings, swift and certain determination of disputes is desirable. Where a reported person reasonably requests an adjournment on good grounds, it may be granted, particularly if short notice was given of the hearing. Adjournments which are blatant delaying tactics are refused or discouraged by granting them on terms (for example, imposing a condition that a reported Player will not play until the case is heard, or that a Club Official will not undertake any duties as an Official or attend games until the matter is finalised).

The granting of an adjournment is always a discretionary matter for the Tribunal.

The power to grant an adjournment is dealt with under Procedure Rules 1.6 and 3.7.

2.4 The Hearing

The Tribunal's hearings are in person but may be conducted "online". The Guideline Rules will be interpreted and adjusted accordingly by the Tribunal if the hearing is conducted "on-line".

The Procedure Rules generally provide for an open hearing of in-person hearings, at the discretion of the Tribunal Guideline Rule (Rule 4.2). However, a closed hearing will be ordered by the Tribunal where, for example, sensitive evidence is likely to be given or the public will be excluded if the facilities do not enable same.

Subject always to the Tribunal's discretion, the Guideline Rules provide for:

- all oral evidence against a reported person to be taken in their presence.
- all documentary evidence against a reported person to be made available to them.
- a reported person or their advocate to question all witnesses.
- a reported person to present evidence on their behalf.

Any reported person may be represented by an advocate of their choice such as a Club advocate, advocate, barrister, solicitor or agent. Where the reported person is under the age of 16 years at the time of the alleged Reportable Offence, a Parent may attend in the place of the reported person, who must still be represented by a Club advocate, advocate, barrister, solicitor or agent (but never the Parent of the reported person). Where the

reported person is under the age of 18 years at the time of the alleged Reportable Offence, a Parent may attend to support the reported person.

The Tribunal is not required to give reasons for its decisions and the giving of reasons is at the discretion of the Tribunal.

2.5 Fresh Evidence

The Procedure Rules provide a Tribunal with the discretion to re-open a hearing, which it has previously concluded, for the purpose of considering further evidence (but not for reviewing the decision it has previously made on the same evidence) (Procedure Rule 7.1). Before the Tribunal takes this unusual step, the 'new evidence' must satisfy two tests –

- it must be genuinely new, which means not merely that it was not presented to the original hearing, or that its availability at the time of the original hearing was now known, but that its availability could not with reasonable diligence have been known. For example, wanting to call fresh evidence from another witness who is, for example, a trainer or Club Official and would or could have been interviewed and then given evidence at the original hearing, would not satisfy this test.
- the evidence must also be sufficiently strong that, in the opinion of the Tribunal, it may well have affected the outcome of the earlier determination had it then been available.

2.6 Appeals

There is a limited right of appeal (see Guideline Rule 4)

3. HEARING PROCEDURE AS PRESCRIBED IN THE RULES

The Tribunal is not bound by rules of procedure and evidence, but the rules of natural justice are applied.

Although the Tribunal has power to waive strict adherence to the Procedure Rules for the presenting of evidence, it may not necessarily do so. Proper preparation of a case is essential.

4. ABSENCE FROM THE HEARING

Where a postponement or adjournment has not been sought or granted, the reported person must attend the hearing. If they cannot attend, they must then elect to:

- have the report adjourned and agree to terms imposed by the Tribunal, such as not playing until the adjourned hearing takes place; or
- have the report heard in their absence and accept the decision of the Tribunal (Procedure Rule 3.5).

Whichever they decide they must, through their Club or advocate, submit a declaration in which they:

- explain their absence from the hearing; and
- nominate which of the two courses outlined above, they have elected.

The making of a declaration should not be treated lightly. Knowingly or carelessly making a false statement in a declaration is more than just contempt of the Tribunal's proceedings and may subject the declarant to the criminal law.

Where a reported person fails to appear or to submit a declaration, the report can be heard in their absence and they may be called before the Tribunal and further penalised for contempt. (Procedure Rule 3.6).

5. ADVOCATES

Effective advocacy is no less a skill than effective coaching and Clubs are encouraged to give thought early in the season (not on the day of a hearing) as to who will represent a reported person.

Any advocate's leave to appear may be withdrawn if, at any stage, they misconduct themselves.

Whilst a reported person can act as their own advocate, this is not encouraged. If the advocate decides (even part way through the hearing) that they wish to give evidence, another advocate must be appointed from then on.

6. CLARIFYING THE REPORT

An Umpire is not required, although they are encouraged to set out in their report:

- the number of the Law under which they made the report (provided the relevant Law is identifiable from the wording of the report);
- their proposed evidence (i.e. details of what happened).

'Striking Player (number) of (club)' is a sufficiently worded charge without the need to set out how the 'victim' was (allegedly) hit or what the surrounding circumstances were.

However, there are some instances where the Player will be entitled to know more about just what is alleged against them, in order that they may prepare their defence. The most obvious examples are a report for 'misconduct', (which, in the absence of particulars, can be almost anything), 'unacceptable language', 'wasting time' and any report which identifies the offence by reference to a law by number only, and that law includes a multiplicity of offences. In such a case, particulars should be given, for example 'threatening language to an Umpire in that they said, "you may not live to see full time", "wasting time in that they refused to kick out when directed". If it is not clear from the report just what is alleged, the Player (through their advocate or Club) may apply for details of the charge to be given in advance of the hearing. In appropriate cases, an application for details can be made at the hearing, but if a Player leaves their request so late, the application is unlikely to cause the hearing to be postponed while a defence is prepared.

7. NOTES ON 'TECHNICAL DEFENCES'

The spirit of the Guideline and Procedure Rules is that reports are determined on the facts, not on technicalities. Provision has been made to ensure that this approach is taken by empowering the Tribunal to amend clerical deficiencies in reports.

Actual prejudice to the Player in defending the report is generally the only circumstance in which a technical error will vitiate a report.

8. MAKING SURE THE RIGHT EVIDENCE IS AVAILABLE AND GUIDELINE RULE 2.10

It is vital that advocates ensure the appropriate persons are available to give evidence at the hearing (see below under 'Proper Presentation of Evidence at the Hearing') and that any other evidence which assists the case, such as a medical report, is procured.

Obviously, if witnesses will attend the Tribunal or produce things to it willingly, there is no need for the Tribunal to become involved before the hearing itself. However, where a person is reluctant to give evidence or to produce things in their possession, the assistance of the Tribunal can be enlisted. The Tribunal is NOT a court, and therefore the Tribunal cannot compel members of the public (for example, spectators, first aid volunteers etc) to attend and/or produce documents. However, any person subject to the League's jurisdiction (which would include Players, Umpires and Club members or Officials) can be required to attend a hearing of the Tribunal and/or to produce any item which is under their control. Failure to comply may be contempt, and the Guideline and Procedure Rules give the Tribunal wide power to suspend or fine any person or Club held to be in contempt.

The Guidelines require that, prior to the hearing, the Person required to attend the Tribunal may request to adduce evidence of persons at the hearing (Guidelines Rule (2.10)). The request must include the substance of the evidence it is proposed to adduce from the witness.

Of course, the advocate must have interviewed at length any potential witnesses prior to rejecting any Prescribed Penalty Offer (**PPO**), if offered, as part of the process to determine whether the PPO should be accepted or not. It will be on the basis of these interviews that the decision will be made as to which witnesses will be called.

The request under Guidelines Rule 2.10 after request must include the substance of the evidence. The requirement is for the "substance" of the evidence – a full, formal, written statement is not required but may be desirable, particularly for Under Age Players. The substance of the evidence assists the Tribunal and the League to understand the defence of the person required to attend the Tribunal.

It can take the form of a written statement in sufficient form such as could read out by the person as their evidence, or it can be a simple summary of the proposed evidence contained, for example, in the email forwarded to the League in compliance with Guideline Rule 2.10.

An example of the substance of the evidence of a player witnessing an alleged striking incident could be, in addition to the name and address of the witness:

"I was playing for the Goannas in the game against the Echidnas last Saturday. I was 20 metres away from the incident during the second quarter involving number 20 from the Goannas and number 21 from the Echidnas. I saw number 20 push number 21 once in the chest only. There was no contact to number 21's face by number 20."

Compliance with Guideline Rule 2.10 does not excuse the witness from attending the Tribunal to give their evidence. The evidence of witnesses before the Tribunal is in person and oral, and it is in only in exceptional and compelling circumstances as determined by the Tribunal in its absolute discretion will an exception be made. Advocates should not prepare their case on the basis that the Tribunal will excuse a witness from attending the Tribunal hearing.

In the case of an expert witness, there also needs to be provided the qualifications, expertise and the experience of the expert as well as the substance of their evidence.

The substance of the expert evidence of a medical officer could be:

"I am a medical doctor. I examined player XXX from the Goannas immediately after the game. The bruising to the player's face was consistent with a blow to the face from a fist, as opposed to a collision with the ground."

It must be emphasised that expert witnesses, like ordinary witnesses., must attend the Tribunal to give their evidence – the provision of a report does not excuse them from attending.

It should be noted that the expertise of the witness on the matters the subject of the substance of their evidence must be proven to the Tribunal's satisfaction and that they are truly an expert on the matters the subject of their evidence.

A Tribunal will generally allow a witness to read the document that they have prepared. The witness may supplement that evidence with oral evidence. Reference is made to Procedure Note 14 on the preparation of such documents. Procedure Notes 10 (The Best Evidence Rule), 11 (Direct Speech Must Be Used to Relate to all Conversations), 12 (Witnesses Must State Facts, not Opinions) and 13 (Documents must be Produced, Not Described) also apply, to the extent relevant, to written lay and written expert evidence.

It is up to each of the parties as to how they present their written and oral evidence and the cross examination of witnesses on their written and oral evidence, subject to any over-riding direction and supervision by the Tribunal.

9. PROPER PRESENTATION OF EVIDENCE AT THE HEARING

Important note:

While the following discussion is technically correct, it is a generally more legalist approach than that usually adopted by AFL Tribunals, which seek to avoid the more traditional adversarial approach to the giving and taking of evidence before them. The Tribunal is very quick to limit the number of, type and tone of questions, whether they are 'in chief' or, more often than not, in 'cross examination', where it considers such questions to be unhelpful.

The Tribunal also takes a more active role in the process than that which is generally encountered in the adversarial situation.

Finally, the calling of a large number of witnesses who simply re-affirm or repeat evidence previously given does not assist the hearing and will be discouraged, unless the evidence is of real assistance to the Tribunal. Advocates must interview witnesses before they are called to give evidence to ensure that their evidence will assist the Tribunal.

The following notes are directed to ensuring that only evidence that is admissible is presented to and accepted by the Tribunal. However, it must also be recognised that even when the evidence is technically admissible, it may carry only limited weight, that is, persuasiveness. The obvious example is evidence given by an ardent Club supporter, who, even when trying to be 'unbiased', tends to 'see' (and so recall) incidents in a way favourable to the Club's or reported person's interests. It is a matter for the Tribunal's judgement, in each case, to decide how much weight to give any evidence.

10. THE 'BEST EVIDENCE' RULE

This rule simply means that so far as oral testimony is concerned, the only person who can give evidence of a fact is the person who actually saw it happen, or heard it said. A person who heard about it from someone else cannot give such evidence. For example, a Player cannot give evidence such as, "the trainer told me after the match that he heard the Umpire say to the ground manager...". The trainer himself will have to attend the Tribunal to give evidence of what he heard the Umpire say.

This is the 'rule against hearsay', and the reasons for it include:

- stories get distorted as they are repeated from one person to another;
- effective questioning of a person who did not actually witness an event is clearly limited to what aspects of it he has been told about and the questioner may want to question other things that the witness was not told about.

The Tribunal may accept written medical reports as evidence of the extent of injury but not of how the injury was sustained. Thus, a medical report saying, "X-ray revealed a fractured cheekbone which Mr Smith claimed to have received when struck during a football match" may be allowed as evidence that at the time of the X ray Mr Smith had a fractured cheekbone but not of how they got it (because coming from the doctor who did not actually see the incident, that statement is hearsay). Player Smith must personally tell the Tribunal how they sustained the injury for which they were treated.

11. DIRECT SPEECH MUST BE USED TO RELATE ALL CONVERSATIONS

This means that the words actually spoken must be repeated as closely as they can be recalled. The reason is that indirect speech can distort the meaning of words actually used.

For example, a Player cannot say in evidence:

"After the Umpire blew the whistle they came over and threatened me".

They also cannot say:

"After they blew the whistle they came over and told me they would be watching me closely all through the game".

The Player must use the Umpire's words as best the Player recalls them, for example:

"The Umpire blew their whistle, came over to me and said: 'number 41, that tackle was after disposal and we've been instructed to be severe on that all day, or words to that effect'".

Plainly, the Umpire's actual words are significantly different from the suggestions of intimidation and bias respectively, contained in the earlier two versions, where the Player is interpreting, rather than repeating what was said to them.

12. WITNESSES MUST STATE FACTS, NOT OPINIONS

Witnesses should tell only what they actually saw or heard, not what they think was intended. The statement:

'the midfielder tried to pass the ball to the full forward',

is an opinion about the midfielders intention and the midfielders tactics may have been quite different. The evidence should be just a simple statement of what happened, that is:

'the midfielder kicked the ball towards the goal square'.

13. DOCUMENTS MUST BE PRODUCED, NOT DESCRIBED

Just as conversations must be reconstructed, a document must be allowed to 'speak for itself', so an advocate should always arrange to have the document available. For instance, an injured Player cannot say:

"the doctor gave me a certificate for two days off work because of concussion from being punched".

Not only would the Player be 'interpreting' the medical reason for the doctor giving the Player two days off work, the Player is giving hearsay evidence of a supposed opinion by the doctor about how the injury occurred ('from being punched'). Such evidence would therefore be riddled with irregularity and inadmissible. The medical certificate itself should be produced to the Tribunal and as stated earlier, would be evidence only of the Player's medical condition, not the cause of the condition. The Player could say "the doctor gave me two days off work", for that is a fact and not hearsay, but without admissible evidence linking the sick leave to an alleged football injury, the 'two days off' statement is of little, if any, weight.

In some cases, where it is not possible to produce the document, the Tribunal may allow someone familiar with it to say what they believe was in it but only when this course will not prejudice a party to the hearing. Again, this is an example of evidence that may have only limited weight.

14.THE PROPER PRESENTATION OF ORAL EVIDENCE

The three stages in a witness's oral evidence are:

Evidence in chief – where the witness gives their version of what they saw or heard.

Cross-examination – where the opposing advocate explores the evidence in chief.

Evidence in reply – where the witness's own advocate questions them further about matters raised in the cross-examination.

Under Guideline Rule 2.10, in the case of an Umpire's report, the written lay and written expert evidence provided by the reported person is made available to the Umpire and their advocate, and the reported person and their advocate have made available to them the report of the Umpire. In the case of a citing or similar reference, both the reporting person and their advocate and the reported person and their advocate have made available to them the written lay and written expert evidence of the other party.

14.1 Examination in chief

The witness should give their version of the events in their own words and with as little interruption as possible. They should not give their evidence simply by answering leading questions (i.e. questions which suggest the answer) from their advocate. Consider the following example:

Advocate: "You were playing back pocket during the last quarter?"
Player: "Yes"
Advocate: "And did you and Player 43 contest a mark?"
Player: "Yes"
Advocate: "And did he elbow you in the face?"
Player: "Yes, he did"
Advocate: "Did you then push him in the chest?"
Player: "Yes"
Advocate: "Was that when the umpire reported you?"
Player: "Yes, they just said they'd be reporting me for striking".

The advocate has given all the evidence and the Player has simply agreed with the advocate. The Player can be asked "non-leading" questions to which the Player will answer, or the Player can simply give evidence by way of a statement or in a narrative fashion.

Particularly for younger Players, there is generally no objection to the Player reading their statement. The statement should be prepared by the Player preferably, or with the Player's assistance, should be in the Player's own words and not unfairly influenced by the person assisting them in preparing the statement.

The Player could say something along the following lines:

"I was playing back pocket when the ball came down field and 43 and I went for a mark. I got an elbow in the face and so I gave them a push in the chest and that's when the umpire reported me for striking".

It is however, quite acceptable (and time saving) for an advocate to lead a witness through preliminary questions on matters which are not 'In issue', for example.

Advocate: "Your name is John Brown?"
Player: "It is"
Advocate: "You are the captain of the Under 16's?"
Player: "Yes"
Advocate: "You were playing in the game last Sunday?"
Player: "That's right"
Advocate: "And you were involved in an incident reported by this umpire?"
Player: "Yes"
Advocate: "Please tell the Tribunal, in your own words, exactly what happened".

The Player now relates their story without being led, because the Player has now reached the contentious part of the evidence.

After the Player has made their statement, their advocate, if they feel something important has been left out or not put clearly, can try to prompt their Player to say it. This can be tricky because the advocate must not directly suggest the evidence to be given (i.e. lead the witness). So, the advocate could now ask the Player giving the evidence:

"Why did you push Player 43?"

To which the Player will (the advocate hopes) reply:

"To fend him off after their elbow got me".

But the advocate cannot ask:

"Your push was only in self-defence?"

because that suggests the answer to the Player and it is the role of the Tribunal to determine if the Player was acting in self-defence, not the Player.

14.2 Cross-examination

The purpose of cross-examination is to test the witness's evidence in chief, for a person is entitled to expect that anything they say in evidence which is not tested in cross-examination has been accepted by the other side as truth and should (subject to their general credibility) be similarly treated by the Tribunal. This does not mean, however, that everything a witness says should be challenged. If an advocate has no questions of substance to put to the witness, they will do better not to ask any.

Cross-examination differs from examination in chief in that 'leading' the witness is allowed as the advocate tries to get the witness to agree with propositions put to them. An Umpire's advocate, in questioning the Player, could (if they wished) ask the very sequence of questions set out above which the Player's advocate could not ask. The cross-examiner may put propositions directly to the witness.

14.2.1 Where the hearing proceeds on oral evidence only.

Where the hearing proceeds on oral evidence only, the cross-examiner must put to the witness (so as to give the witness an opportunity to answer) any allegation which the cross-examiner knows will later be made against the witness by one of the cross-examiner's own witnesses.

This last point is essential where the evidence is to contradict the evidence of the witness – the witness must be given an opportunity to have put to them the alternative version of the events that it is sought to be established.

Continuing the above example, if the Player's advocate knows that they intend to call a witness of their own who is going to allege hearing the Umpire say before the match, 'Reilly beat me at the Tribunal last time, but I'll get him today,' the Player's advocate must, in cross-examination, directly put that allegation to the Umpire, something like this:

Advocate: "Did you speak to the ground manager just as you went out onto the field?"
Umpire: "I don't remember"

Advocate: “Didn’t you say to them ‘Last time I reported Reilly they beat me at the Tribunal but I’ll settle that score today?’”

This gives the Umpire the chance to deny the allegation if they want to. If this question was not asked, it would mean the Umpire, after they finished their evidence, would have no chance of denying the allegation when it was communicated later in the hearing, and the allegation would then stand uncontradicted.

Where an advocate adduces from a witness a statement concerning another witness which was not put directly to that (other) witness the Tribunal will either:

- allow the other witness to be recalled, to respond to the statement; or
- disregard the statement in coming to its decision (and advise the advocate that their breach of this principle of cross-examination has led to the evidence being disregarded).

14.2.2 Where the hearing proceeds using written lay and expert statements

Where the hearing proceeds using written lay and expert statements, there is some flexibility with the above. For example, if the Umpire’s report says that the Umpire was 10 metres from the reported incident, and the Player’s statement says that the Umpire was 50 metres from the reported incident, the Tribunal is aware from the statements of the apparent conflicting distances. It is essentially up to each advocate as to whether to put to the witness the contrasting distance of their witness’s evidence. This assumes of course that the part of the statement which states the distance is either read to the Tribunal or oral evidence of that is given.

If it is considered by the advocate to be an important issue, then there is little doubt that the alternative version should be put to the witness. If it is not, the other advocate may well make a submission to the Tribunal that evidence that was not put to their witness should not be accepted.

14.2.2 Generally

Cross-examination does not have to be restricted to what the witness said in chief. The cross-examiner can ask anything else, provided it is relevant to what is ‘in issue’.

It must be remembered that the above has essentially been written with an adult witness in mind. The Tribunal will not allow any aggressive, hectoring or unfair questions, in particular to under-age witnesses, and the age and apparent sophistication of underage witnesses, including Umpires, must be taken into account by the advocate when framing their questions. It will certainly be taken into account by the Tribunal when determining whether to allow or reject any question it considers is unfair to the witness.

Special provisions apply where the Reported Person was under 12 years of age at the time of the alleged Reportable Offence (see Procedure Rules 4.25 – 4.26)

14.3 Re-Examination

The witness’s own advocate can try to repair any unhelpful answers given under cross-examination. Re-examination must be limited to matters raised in cross-examination – it cannot raise new matters without the express permission of the Tribunal (which must be sought). If there is a real need to bring up something new, leave of the Tribunal should first be asked, and if it is given, the opposing advocate will be given the opportunity of a second cross-examination, limited to the new material.

15. QUESTIONS BY THE TRIBUNAL

The Procedure Rules clearly provide for the questioning of the Umpire, the Player and any witness by the Tribunal. The Tribunal is entitled to, and will, question any witness as and when it sees fit.

16. QUESTIONS BY ADVOCATES THAT WILL NOT BE ALLOWED

Multiple questions are unfair and are not allowed. A good question covers one point only, not several. Thus, the question:

“Were you playing back pocket when the ball came down the wing on the grandstand side from a long kick by the other team’s centreman?”

This is really three questions, and the answer is not necessarily 'yes' to all three. This makes it hard for the witness to answer without 'explanations', which only confuse and prolong proceedings. Questions should always be worded to allow the witness to give only a direct answer to one point at a time, as in this exchange:

- Q. "You were in the back pocket?"
A. "Yes"
Q. "Did the ball come down the grandstand side?"
A. "Not really, it came more from the edge of the centre square."
Q. "But it was a long kick by the opposing centremen?"
A. "Yes"

16.1 Questions that are not relevant to what is 'in issue'

'In issue' means 'the subject of disagreement between the opposing parties'. In a striking charge, for example, there may be no dispute (that is, no 'issue') that the reported Player actually struck another Player. What is disputed ('in issue') is whether it was deliberate or accidental. In that situation, questions about peripheral detail (for example, where other Players, Umpires, trainer etc were positioned), which are directed to suggesting that if the Umpire's recall is inadequate, then their evidence of the reported incident is similarly suspect, are usually irrelevant to the issue. The Umpire should really be questioned about whether they observed any behaviour on the part of the 'victim' which could have provoked the alleged striking, or whether the contact may have occurred unintentionally.

16.2 Questions that assume a fact that has not been established

Questions that assume a fact that has not been established will not be allowed, unless the witness is requested to assume the fact (which then must be established later).

17. OBJECTIONS TO EVIDENCE

The proper way for an advocate to challenge any questions (or answer) is to say to the Tribunal, "Objection, that question (or answer) is (for example) leading – irrelevant – assumes a fact not admitted – is an opinion not a fact etc. " as appropriate.

Advocates are not permitted to address their objections directly to witnesses or opposing advocates and should not interject during answers or bicker with other advocates. This applies with equal force during final submissions: each advocate has their turn, has a right to be heard uninterrupted by their opponent and should afford reciprocal courtesy to that opponent.

18 VISUAL EVIDENCE

The Tribunal may at its discretion permit visual evidence into the proceedings and may direct that the showing of any such visual evidence be undertaken at such time during the hearing as it directs, as long as this does not cause any procedural unfairness to any party.

19. PENALTIES

Fixing a penalty is at the absolute discretion of the Tribunal.

20. CONTEMPT OF THE TRIBUNAL

The essence of contempt of the Tribunal is any attempt to undermine its functions, and this includes:

- disrespectful behaviour – which may be contempt because it undermines confidence in the Tribunal and, therefore, its capacity to carry out its duties. This does not prevent proper, reasoned comment or criticism at the appropriate time.
- attempting to influence decisions by means other than putting argument or evidence before the Tribunal according to the Rules. Public comment prior to a hearing, designed to influence the attitude of Tribunal Members, is one example, as is any direct attempt to bypass the Tribunal's proceedings.

The League Rules deal with various forms of contempt of the Tribunal.

APPENDIX 1

TRIBUNAL CHAIRPERSON - Position Description

Overview:

The AFL NSW/ACT has established a Tribunal by way of a centrally managed process designed to deliver to its constituent Leagues a consistent set of disciplinary procedures and processes.

, The Tribunal:

- hears and determines Reports and other matters as referred to the Tribunal, held at locations convenient to those involved, on a set night (usually Wednesday, but on other days as required).
- comprises a panel of Tribunal Members, managed by the Competition Management Committee (CMC) of the League.;
- holds meetings as required chaired by the Tribunal Chairperson of all Tribunal Members and/or other relevant persons to outline and review the process and provide information and guidance on the delivery of outcomes;
- is provided administrative support to assist them in conducting their hearings.

The Tribunal is an independent disciplinary tribunal constituted pursuant to the League Rules. The Tribunal deals with reports from Umpires and on direct report from the CMC into alleged breaches.

The Tribunal Chairperson leads the Tribunal and is a direct interface between Tribunal Members, the CMC and other key stakeholders, including the Clubs.

Reports To:

The Tribunal Chairperson reports to the CMC.

Tasks and Activities:

A sitting Tribunal hears the evidence of Umpires, Players and witnesses and determines reports laid under the Laws or League Rules, or matters referred to it, and imposes penalties in accordance with the League Rules and Laws where reports are proven.

The Tribunal Chairperson:

- chairs all Tribunal hearings on which the Tribunal Chairperson sits;
- consults with the CMC on the appointment of Tribunal Members;
- liaises with the CMC in the convening of Tribunals;
- in conjunction with the CMC, maintains a database of all hearings and outcomes;
- reports to the CMC on the functioning of the Tribunal process and the ongoing development and refinement of disciplinary procedures as administered by the Tribunal;
- seeks ways in which the processes can be enhanced.

Knowledge and Skills Required:

The Tribunal Chairperson is a Tribunal Member. The Tribunal Chairperson must chair Tribunals on which they sit, hearing and determining reports and other matters referred to the Tribunal involving breaches of the Laws and League Rules including the hearing of evidence and submissions. A sound knowledge and understanding of the Laws and the relevant disciplinary provisions is required.

The Chairperson must have an understanding of the functions and performance of disciplinary Tribunals, be independent and impartial and act in a fair manner. Like all Tribunal Members, the Tribunal Chairperson cannot be a current member or Official of a Club affiliated to the League. Legal qualifications are not a pre-requisite but are desirable. High level communication and interpersonal skills are necessary.

Time Commitment Required:

A sitting Tribunal consists of three Members, drawn on rotation from a panel of available Tribunal Members. The Tribunal usually sits on a Wednesday evening during the League's football season (approximately mid-March to mid-September each year) but Tribunal sittings on other nights, usually a Thursday, may be required. The hearings are at venues as appropriate. The hearings generally take between approximately 2-3 hours.

Administrative and other related tasks would require, on average, approximately 2 hours per week, in addition to sitting on the Tribunal.

APPENDIX 2

TRIBUNAL MEMBER - Position Description

Overview:

The Tribunal is an independent disciplinary Tribunal constituted pursuant to the League's Rules (the League Rules). The Tribunal deals with reports from Umpires and on direct report from the League into alleged breaches.

The Tribunal deals with reports from Umpires and on direct report from the Competition Management Committee (CMC) of the League into alleged breaches of the Laws of Australian Football (the Laws) and the League Rules, involving Players and Officials and on other matters referred to the Tribunal. The Tribunal also deals with matters referred to it directly by the CMC.

Reports To:

Tribunal Members report to the Tribunal Chairperson.

Tasks and Activities:

A sitting Tribunal hears the evidence of Umpires, Players and witnesses and determines reports laid under the Laws or League Rules, or matters referred to it, and imposes penalties in accordance with the League Rules and Laws where reports are proven.

Knowledge and Skills Required:

Tribunal Members must be able to hear and determine reports and other matters referred involving breaches of the Laws and League Rules including the hearing of evidence and submissions. A sound knowledge and understanding of the Laws and the relevant disciplinary provisions is required. Members must have an understanding of the functions and performance of disciplinary Tribunals, be independent and impartial, and act in a fair manner. Legal qualifications are not a pre-requisite. High level communication and interpersonal skills are necessary. Tribunal Members cannot be a current member or Official of a Club affiliated to the League.

Time Commitment Required:

A sitting Tribunal consists of three Members, drawn on rotation from a panel of available Tribunal Members. The Tribunal usually sits on a Wednesday evening during the League's football season (approximately mid-March to mid-September each year) but Tribunal sittings on other nights, usually a Thursday, may be required. The hearings are at venues as appropriate. The hearings generally take between approximately 2-3 hours.

Tribunal Members must be available and willing to sit on no less than 4 occasions during the League's football season.

APPENDIX 3 PRE-SENTENCE REPORT

To be completed and brought to the Tribunal hearing by any reported person if they have at any time been a Player, or annexed to a request in writing by any person consenting to a hearing in their absence.

REPORTED PERSON'S NAME: _____ DATE OF BIRTH: __/__/____

CLUB: _____

PLAYING HISTORY

YEAR(s)	CLUB(s)	AWARDS AT LEAGUE OR ASSOCIATION LEVEL i.e. not Club Awards	TRIBUNAL CONVICTIONS	
			Offence	Penalty

Signature of Player: _____ Date: __/__/____

APPENDIX 4

PRO FORMA REQUEST IN WRITING

to be submitted by reported person unable to attend Tribunal hearing

I, _____ (full name)

of _____ (full address),

make the following request of the League Disciplinary Tribunal (the Tribunal).

1 I am unable to attend before the Tribunal on _____ (date) for the reason/s that:

(state reason/s *fully and unambiguously*)

2A I am willing to stand down from representing my Club as a Player or Official until I have appeared before the Tribunal and I agree to give to the CMC not fewer than four clear business days notice of the date of a Tribunal meeting which I am able to attend.

OR

2B (i) I consent to the Tribunal investigating in my absence the report of which I am the subject set down for hearing on the aforesaid date

(ii) I agree that the report is proven but ask the Tribunal to take into account the following matters:

(*set out mitigating circumstances*).

OR

2C (i) I plead the report as not proven and say in answer that (*state any **facts** and briefly refer any further evidence or witnesses which the Tribunal should consider or hear*).

(ii) I undertake to abide by any finding (including penalty) of the Tribunal and I further undertake not to raise the fact of my absence from the hearing in any challenge to the finding or to any penalty which may be imposed.

(iii) I attach a completed pre-sentence report (if the reported person is, or has at any time been a Player).

and I make this request in writing believing the same to be true.

Signature of Applicant

NOTE CAREFULLY: *Clause 1 must be completed in all circumstances. Select one only of the alternative forms of clause 2, depending upon whether the reported person is seeking an adjournment (clause 2A) OR is consenting to hearing in their absence (clause 2, comprised of options 2B and 2C)*

The reported person selects ONE ONLY of the alternative forms of 2B or 2C, depending upon whether they are pleading the report as proven (clause 2B) or not admitted (clause 2C)

APPENDIX 5 – DIAGRAMATIC REPRESENTATION OF THE PROCEDURE FOR HEARING AN UMPIRE’S REPORT

TRIBUNAL OPENED. REPORTED PERSON AND UMPIRE IDENTIFIED. REPORT READ TO PLAYER, WHO IS ASKED TO PLEAD ‘GUILTY’ OR ‘NOT GUILTY’ TO THE REPORT
