4 INDIVIDUAL PLAYER POINTS VALUE

4.1 Determining Player Points Value

- (A) Any Player who participates in a Competition to which this Policy applies (see [Table 1](#)) must be assigned a Player Points Value in accordance with this Policy.
- (B) The determination of a Player Points Value takes into account that Player's playing history and achievements and is structured in a way to promote Player development, loyalty, and retention.
- (C) The key steps to determining a Player Points Value are:
 - 1. determine the Player Category and associated Base Value ([Clause 4.2](#) and [Table 3](#));
 - 2. determine if any Additions apply ([Clause 4.3](#) and [Table 5](#)); and
 - 3. determine if any Deductions apply ([Clause 4.3](#) and [Table 5](#))
- (D) The Player Points Value for any Player playing under a Permit in a competition Match to which this policy applies, is to be assessed as if the Player is a Transferred Player.
- (E) A playing coach or playing assistant coach is, for the purpose of this Policy, classified as a Player.

4.2 Player Category and Base Value

- (A) Except for an Existing Player, a Player Category and Base Value is to be:
 - 1. determined by assessing the Player under [Table 3](#); and
 - 2. based on the date the Player last registered at their Current Club as a new Player or as a Transferred Player.
- (B) For an Existing Player:
 - 1. the Player Category (and Base Value) determined under the relevant former Policy continues to apply; and
 - 2. a Club may not request a reassessment of the Player Category already determined under the relevant former Policy.

Guidance Note 1 [Example]: If an **Existing Player** was assessed under a previous PPS Policy as a Senior Community (3 point) Player but would be considered a Development Player (2 point) Player under this Policy, the Player will remain categorised as a Senior Community Player with a base value of 3 points. However, If the player transfers to a new club during the period covered by this Policy, their Player Category and Base Value would then be assessed under this Policy.

Guidance Note 2: Any applicable additions and deductions under [Table 5](#) of this Policy will still apply to an Existing Player.

- (C) Where a Player qualifies in more than one Player Category in [Table 3](#), the Player Category with the highest points will apply, except where a Player is assessed as a Category 1 Player.
- (D) Where a Player does not meet any of the Player Categories in [Table 3](#), the Club will need to apply, via the League, for a determination by the LEP of the appropriate Player Points Value.
- (E) In determining a Player's Category under Clause 4.2(D), the LEP will have regard to all relevant factors so as not to unreasonably restrict the Player's movement.
